

Eyeline® IR Motorised wall or ceiling mounted screens

High quality screen material provide a crisp flat surface for truly stunning results.

Plug & Play electrically operated screens are easy to install and operate, no electrical installation is required due to simple in-line switch.

Suitable for both home and professional use and does not require electrical installation.

12 month guarantee.

Projection format

Available in all popular projection formats
Square 1:1, Video 4:3, Widescreen 16:9, and 16:10

Case and fabric

Heavy duty white powder coated aluminium case with front facing infra-red (IR) sensor built into casing. Matte White projection surface with 50mm black borders on base, left and right sides and extended black drop to the top. Glass fibre screen fabric prevents edge curl.

Operation

Infra-Red Remote with manual override for fail safe use if remote lost or dead battery.

Plug & Play operation – supplied complete with an in-line switch and 13amp plug.

Installation

Mounted on wall or ceiling through end cap fixing bracket. No electrical installation is required. Motor and cable is situated on left hand side. Optional 55cm adjustable extension brackets are available.
